### Objective

Results-driven UI/UX Designer and MCA graduate from Kerala, passionate about designing intuitive, user-centered digital experiences. Skilled in Figma — Auto Layout, Components, Variants, and Prototyping — with strong knowledge of front-end development enabling seamless collaboration with developers. Seeking a UI/UX Designer role to create impactful digital products.

### Education

**Master of Computer Application**, Nirmala College Muvattupuzha (2023-2025)

**Bachelor of Computer Science**, Swami Swasthikananda College Poothotta (2020-2023)

### UI/UX Skills (Primary Focus)

- Figma (Prototyping, Auto Layout, Components, Variants)
- Data Visualization & Dashboard Design
- Wireframing & Prototyping
- Responsive Web Design
- User Flow & Interaction Design
- Usability Optimization
- Layout & Visual Hierarchy
- Mobile-First Design Approach

### Technical Skills (Secondary)

**Frontend:** HTML5, CSS3, Bootstrap, React.js

**Programming:** JavaScript, Python, C

**Database:** MySQL

**Version Control:** Git, GitHub

**Tools:** Visual Studio Code

### Projects

**FreshBite Delivery App (UI/UX — Figma):** Designed 5 mobile UI screens for a food delivery application including Login, Home, Item Details, Cart, and Logout flow. Focused on intuitive navigation, visual hierarchy, and mobile-first design. Built using Figma with Auto Layout and reusable components.

[View Case Study:](#) manikandangmani.github.io/myportfolio/freshbite.html

**Instagram Profile UI — Auto Layout (UI/UX — Figma):** Recreated Instagram's profile screen in Figma using fully structured Auto Layout, reusable components, and an 8pt spacing system. Focused on layout precision, component variants, and scalable design patterns.

[View Case Study:](#) manikandangmani.github.io/myportfolio/instadesign.html

**Personal Portfolio Website (HTML · CSS · JavaScript):** Designed and developed a fully responsive portfolio from scratch featuring dark theme, scroll animations, case study pages, and a contact form. Hosted on GitHub Pages.
